TAB Products

Founded 1950

TAB provides organizations with a wide range of products and services that help them to organize, store and find their critical paper and digital documents. TAB's integrated solutions help organizations to:

- Reduce the amount of space used to store files
- Organize files using color and bar coding to make them easy to locate
- Mitigate risk through effective records retention and destruction policies

TAB provides services that help organizations to:

- Purge documents
- Develop and implement records retention and destruction policies
- Outsource file room management
- Convert paper documents to digital format; and
- Move files from one location to another
